1. Insert the Name by which the general public will know this facility or Project. (Example: the name as it will appear on a building sign, apartment sign, etc.)
2. Insert, as the Project Address, the following information: *
 - a) Municipal Address, if known (Number and Street); or
 - b) If the project does not have a municipal address, please complete the description set forth on Page 1 of the Application Package. Please note that it is important to give a detailed description of the project’s location. A person reading the description should be able to easily locate the project solely from this description.

* Be sure to determine if the Project is located within an incorporated area or in the unincorporated portion of the Parish. If it is in the unincorporated portion of the Parish, delete “City of _____” from the description.

3. Insert the estimated amount of the Bond Issue to be used for this Project. (If you underestimate what you need, an additional approval process will be necessary. It is always better to over estimate because approvals are not needed if you are reducing the amount of the bond issue. Remember to include allowances for fees for attorneys, architects, accountants, financial advisors, capitalized interest, etc.)
4. Complete the sentence by inserting a detailed description of the project that should include the following information, as applicable:
 - a) (Number) - unit Multi-Family facility.
(Federal regulations require that at least 40% of the units must be reserved for low and moderate income families).
 - b) (Number) - bed ICF-I, ICF-II, SNF, extended-care, etc. facility.
 - c) Free standing ambulatory surgical center with attendant out patient care facilities, or a (Number) - bed psychiatric hospital, tuberculosis hospital, or hospital .
 - d) (Number) - square foot, (Number) - floor facility.

This list is not exclusive. If your Project does not fit one of these categories, please make the description similar.

5. Insert the estimated numbers called for.
6. Insert the exact legal name of the Project Owner. If your Project is to be owned by a Partnership or Corporation, check the appropriate space which identifies the type. It is important that the Partnership Agreement or Articles of Incorporation be filed of record with the Secretary of State's Office. In the case of a Partnership, the Partnership Agreement must also be filed in the records of the Parish(s) where the facility(s) will be located. A Corporation must file its Articles of Incorporation in the records of the parish of its domicile only.
7. Insert the name(s) and address(s) of:
 - a) Individual name(s) and address(s) (in case of Individual Ownership).
 - b) Principal shareholders (in case of Corporation).
 - c) General Partners (in case of Partnership).
8. Insert the name of the Person whom the Authority can readily contact in order to obtain additional information, if needed.
9. Insert the name of the public relations contact for this project. This person will be contacted to obtain detailed information about the project in order to answer questions from the media, if any, about the project. This information will be used by the LPFA in its media relations program.

10. Insert the name of the Project Owner's Attorney. This cannot be Bond Counsel. Bond Counsel represents the Bondholders (the purchasers of the bonds), not the Project Owner.
11. Insert the name of the State Senator (not U.S.) and the State Representative in whose voting district the facility will be located. (This information can be obtained from the Registrar of Voters office in the parish in which the facility will be located). Please be sure and obtain the names of the existing Senator and Representative and not newly-elected officials who have not taken office.
12. If someone other than the owner of the project is to guarantee repayment of the Bonds, please insert their name here. Otherwise, please leave this space blank.
13. If the project will be located in a historical building, please insert the age of the building. Otherwise, please leave this space blank.
14. Please provide the requested information about any recommendation for Bond Counsel. The Board of Trustees of the LPFA hires both Bond Counsel and LPFA's Special Issuer's Counsel. Although the Board of Trustees hires Bond Counsel, one of the main factors used to determine which law firm to hire is the recommendation, if any, from the project owner. **A copy of the Minimum Qualifications for Bond Counsel as approved by the LPFA Board of Trustees is included in this Application Package.** Please leave this item blank if you do not have any recommendation for Bond Counsel.
15. Please have the Project Owner's representative sign the Application and then send the completed Application **along with the non-refundable \$500 application fee** to the LPFA at the address set forth on the first page of these Instructions.

INTRODUCTION AND PRELIMINARY STATEMENT

Among the matters of mutual understanding which have resulted in the execution of this Agreement are the following:

A. The Authority is a public trust and public corporation of the State of Louisiana (the "State") established for the benefit of the State by a certain Indenture of Trust dated August 21, 1974,

(the "Indenture") and organized pursuant to the laws of the State, generally, but not exclusively, the Louisiana Public Trust Act, being La. B. The Borrower desires that the Authority issue its special obligation revenue bonds (the "Bonds") to provide financing for the acquisition, construction and/or installation of a project that qualifies as an authorized public function or purpose of the Authority within the meaning of the Act and the Indenture, and more fully described as the financing of the project for the aggregate principal not to exceed amount described in Attachment A-1 attached hereto (the "Project"). The Bonds to be issued by the Authority under the Act shall be in aggregate amount sufficient to pay all or a portion of the costs of the Project and all costs of the Authority issued in connection with the issuance of the Bonds.

C. The Borrower has determined that the costs of the Project will not exceed the amount shown in Attachment A-1 inclusive of issuance costs.

D. The Borrower has requested the Authority to enter into this Agreement for the purpose of declaring the Authority's intention to provide financing through the issuance of Bonds to pay all or a portion of the cost of the Project, subject to the terms and conditions set forth herein.

E. This Agreement is executed to induce the Borrower to proceed with the necessary actions in order to facilitate the timely financing of the Project; to evaluate the financial feasibility of the Project; to assure the Borrower, prior to the issuance of the Bonds by the Authority, that the Authority will, in accordance with and subject to the provisions of this Agreement, the Indenture, the Act and the rules of the Louisiana State Bond Commission, issue the Bonds to cover costs so incurred by the Borrower in connection with the Project, including such costs incurred by the Borrower prior to the issuance of the Bonds.

F. The Authority has determined that the Project and the financing of all or a portion of the costs associated therewith and the issuance of the Bonds by the Authority will be in furtherance of authorized public functions and purposes of the Authority as set forth in the Act and the Indenture creating the Authority.

G. The Authority has indicated its willingness to proceed with and effect such financing subject to due compliance with the requirements of law and the obtaining of all necessary consents and approvals and to the happening of all acts, conditions and things required precedent to such financing and the Authority will issue and sell its special obligation revenue bonds or notes in an aggregate principal amount sufficient to pay the cost of financing the Project, together with the costs incident to the Project and costs of authorization, sale and issuance of the Bonds.

H. The Authority intends this Agreement and the Resolution of the Authority authorizing its execution to constitute its affirmative official intent towards the issuance of its revenue bonds, subject to the terms and conditions hereof, in accordance with the laws of the State and the U.S. Treasury Department Regulations Section 1.150-2.

II.

UNDERTAKINGS AND OBLIGATIONS ON THE PART OF THE AUTHORITY

Subject to the terms and conditions hereof and in accordance with and subject to the limitations of the Act, the Indenture, and the requirements of the Authority for the issuance of bonds, the Authority agrees as follows:

A. Subject to due compliance with the requirements of the Authority and law and the obtaining of all necessary consents and approvals and to the happening of all acts, conditions and things required precedent to such financing, the Authority will authorize or cause to be authorized the issuance and sale of, and will issue, sell, or place the Bonds pursuant to the terms of the Act and the Indenture in a principal amount or amounts sufficient to pay the aggregate cost of financing the Project, together with costs incident to the authorization, sale and issuance of the Bonds being presently estimated to be not in excess of the amount shown in Attachment A-1. This authorization shall include any modifications as to scope of the Project or not to exceed amounts as may be approved by the Authority's Board of Trustees from time to time.

B. The Authority will, at the proper time and subject in all respects to the prior advice, consent and approval of the Borrower, adopt such proceedings and advisable for the authorization, sale and issuance of the Bonds and the acquisition and construction of the Project, all as shall be authorized by the Act and mutually satisfactory to the Authority, the Borrower and the purchasers of the Bonds. The issuance of the Bonds by the Authority in connection with the Project does not directly or indirectly obligate the State or any political subdivision thereof to provide any funds for the payment of the Bonds. The Bonds to be issued shall not constitute or create a debt, general or special, liability, or moral obligation of the State or any subdivision thereof within the meaning of the Constitution or statutes of the State and shall never constitute or create a charge against or a pledge of the faith and credit or taxing power of the State or any political subdivision thereof. Neither the State nor any political subdivision thereof shall in any manner be liable for the payment of the principal of and interest on the Bonds so issued or for the performance of any agreement or pledge of any kind which may be undertaken by the Authority. No breach by the Authority of any pledge or agreement shall create any obligation upon the State or any political subdivision thereof, including any charge against its credit or taxing power. The Authority has no taxing power. The Bonds issued shall be in such aggregate principal amount, bear interest at such rate or rates, be payable at such times and places, be in such forms and denominations, be sold at such time or times, have such provisions for redemption, be executed, and be secured as shall be provided by the Authority's resolution authorizing the issuance of the Bonds and the major financing documents related thereto, all in accordance with the Act.

C. In connection with the issuance and sale of the Bonds, the Authority proposes to enter into a lease and sub-lease, a sale and lease, an act of credit sale with vendor's lien and first mortgage, loan agreement and/or other financing agreements (the "Financing Agreements"). The Financing Agreements shall provide that the aggregate basic rental or other payments due by the Borrower shall be only such sums as shall be necessary to pay the principal of, premium, if any, and interest on the Bonds and related or necessary annual expenses, including the Authority's Annual Administrative Fee, as and when the same shall become due and payable.

D. The Authority will issue the Bonds under a bond trust indenture entered into by the Authority with a trustee bank to be designated by the Borrower and subject to the approval of the Authority.

E. The Authority may require in connection with the financing title insurance covering the properties. The costs incurred in connection with the title insurance may be subject to the approval of the Authority.

F. In authorizing the issuance of the Bonds pursuant to this Agreement, the Authority makes no warranty, either express or implied, that the proceeds of the Bonds will be sufficient to pay the cost of the Project or that the Project will be suitable for the Borrower purposes or needs. The Borrower will agree that should the cost of the Project exceed the amount of the Bond proceeds, the Borrower will nonetheless complete the Project and shall not be entitled to any reimbursement for any excess either from the Authority, the Bondholders or the Trustee Bank.

III.

UNDERTAKINGS AND OBLIGATIONS OF THE BORROWER

Subject to the conditions hereinabove and hereinafter set forth, the Borrower agrees to and shall undertake the following:

A. The Borrower, or a "related person" (as defined in Section 147(a) of the Internal Revenue Code of 1986, as amended), will be the beneficiary of the financing.

B. The Borrower shall generally arrange for, manage, and carry out the construction, equipping and installation of the Project and will use reasonable efforts to find one or more purchasers for the Bonds upon said terms and conditions as shall be mutually acceptable to the Authority and the Borrower.

C. The Borrower shall cooperate with the Authority in making arrangements for the sale and issuance of the Bonds in the aggregate principal amount not to exceed the amount shown in Attachment A-1 and to the extent that the proceeds derived from the sale of the Bonds are not sufficient to complete the Project, the Borrower shall supply all additional funds necessary for the completion of the Project.

D. The Borrower submits with the signing of this Preliminary Agreement, the non-refundable Financing Application Fee of \$500.00. This Agreement will, at the sole option of the Authority, be null and void in the event said financing Application Fee is not received within thirty (30) days of the date of the Authority's inducement resolution referred to in Section I(H) hereinabove. No further action will be taken on the development of the Project until said Fee is received.

E. At Closing, the Borrower agrees to (i) pay the Authority a Financing Acceptance Fee of 0.05% of the face amount of the Bonds issued for the Project less the Financing Application Fee and (ii) reimburse the Authority for all out of pocket expenses incurred by the Authority in connection with the issuance of the Bonds.

F. The Authority will be authorized to charge an Annual Administrative Fee equal to 1/10th of 1% of the face value of the amount of the Bonds outstanding on January 1 of each year. This Fee may be used for the purpose of paying general administrative and related expenses of the Authority, but shall not include Trustee and paying agent fees and expenses and any extraordinary expenses of the Authority directly or indirectly related to the Project incurred subsequent to the issuance and delivery of the Bonds. Borrower acknowledges that this Annual Administrative Fee is a direct obligation of the Borrower and that Borrower's failure to pay said fee will be an event of default under the Bonds.

G. The Borrower shall hold the Authority free and harmless of and from any loss or damage and of and from any taxes levied or assessed by reason of the financing transaction contemplated by this Agreement.

H. The Borrower shall engage a nationally recognized firm that is approved by the Authority to prepare the independent financial feasibility study for the Project if such a requirement is imposed by the Authority or the Louisiana State Bond Commission as a requirement for the approval of the Project and sale of the Bonds and shall pay all expenses associated therewith; provided, however, that these expenses may be reimbursed from the proceeds of the sale of the Bonds to the extent allowed by law.

I. Prior to the delivery of the Bonds, the Borrower will enter into Financing Agreements with the Authority under the terms of which the Borrower will obligate itself to (i) complete the construction and installation of the Project (ii) pay to the Authority sums sufficient in the aggregate to pay the principal of and interest and redemption premium or prepayment penalty, if any, on the Bonds, note or notes as and when the same shall become due and payable, (iii) pay all fees and expenses of the Trustee Bank incurred under any Bond Indenture or other Financing Agreement and (iv) pay all expenses of the Authority on an annual basis incurred subsequent to the delivery of the Bonds, such agreement to contain such other provisions as may be required by law and such other provisions as shall be mutually acceptable to the Authority and the Borrower.

J. In lieu of tax payments will be made as shall be required by the Authority and such governing bodies responsible for assessing taxes in the Parish and/or municipality where the Project will be located and as permitted by law.

K. The Borrower shall take such further action and adopt such proceedings as may be required by the Authority, its Special Counsel and Bond Counsel to implement its undertakings and obligations hereunder and to facilitate the completion of the Project and the issuance of the Bonds by the Authority.

L. The Borrower agrees (i) to protect and insulate the Authority, Board of Trustees, and the members individually and the Authority's staff, from any and all financial responsibility or liability whatsoever with respect to the Project and the financing thereof and (ii) to indemnify, defend and hold the Authority and the aforesaid other parties harmless against any loss or damage to property or any injury or death of any person or persons occurring in connection with the construction, equipping and operation of the Project. Such indemnity shall be suspended by a similar indemnity in the Financing Agreements and in the event the Bonds are not delivered, said indemnity shall extend to causes of action arising prior or subsequent to the termination of this Agreement.

M. The Borrower will pay the out-of-pocket expenses of the Authority and the Borrower will also pay the fees for legal services of Bond Counsel, Special Tax Counsel, if required, and Special Counsel to the Authority related to the Project, which fees shall be payable as provided in Article IV hereof.

IV.

GENERAL PROVISIONS

A. Since it is possible that the financing, acquisition and equipping of the Project will, in part, commence prior to the sale of the Bonds by the Authority and the Borrower knows and acknowledges that the Authority will have no funds available to finance the costs of the Project other than those derived from the sale of the Bonds and the payment of the initial advance to the Authority required to be paid by the Borrower to set forth hereinabove, the Borrower agrees to advance from time to time all funds necessary in connection with the Project, and such funds when so advanced shall be deemed funds advanced on behalf of the Authority. To the extent that the net proceeds derived from the sale of the Bonds are sufficient for such purpose, the Authority agrees to repay from such net Bond proceeds to the Borrower all funds so advanced promptly upon the sale and delivery of the Bonds.

B. The Authority agrees that, where appropriate and in accordance with the general laws of the State, the Borrower shall act as an agent for the Authority for the performance of all functions incident to the Project.

C. The Authority and the Borrower shall agree on mutually acceptable terms and conditions for the Bonds and the delivery thereof and the contracts and other agreements required in connection with the Project.

D. The Borrower and the Authority shall cooperate in obtaining any rulings from the Internal Revenue Service or the Securities and Exchange Commission with respect to such matters, the Bonds, the Project, the Financing Agreements, the lease or leases and other financing documents as shall be required by Bond Counsel to the Authority.

E. Such other rulings, approvals, consents, certifications of compliance, opinions of counsel and other instruments and proceedings satisfactory to the Borrower and to the Authority as to such matters with respect to the Bonds, the Project, the lease or leases, and other financing documents, as shall be obtained from such governmental as well as non-governmental agencies and entities as may have or assert competence or jurisdiction over or interest in matters pertinent thereto and the Project and the same shall be in full force and effect at the time of the issuance of the Bonds.

F. The Borrower agrees that, prior to the financing of the Project by the Authority and the issuance of the Bonds, the Borrower will maintain its legal existence and will not dissolve or otherwise dispose of all or substantially all of its assets.

G. So long as this agreement is in effect, all risks of loss to the Project shall be borne by the Borrower. The Borrower shall obtain and maintain such insurance, including, but not limited to, builder's risk insurance, general liability insurance and other such insurance as is customarily required on this type of project.

H. The Authority shall not be liable for and the Borrower does hereby indemnify and hold the Authority harmless from any liability for any loss or damage to property or any injury to or death of any person that may be occasioned by any cause whatsoever pertaining to the Project, including all costs and expenses arising out of such loss, damage, injury or death.

I. The Borrower does hereby indemnify the Authority for all expenses, costs and obligations incurred by the Authority, in connection with the Project under the provisions of this Agreement, to the end that the Authority will not suffer any out-of-pocket losses as a result of its performance of any of its undertakings or obligations herein contained. Any pecuniary liability or obligation of the Authority hereunder shall be limited solely to the payment received by the Authority from the Borrower and to monies derived from any financing related to the Project and nothing contained in this Agreement shall ever be construed to constitute a personal or pecuniary liability or charge against the general credit of the Authority or against any Trustee or any officer, employee, or professional consultant or advisor to the Authority, and in the event of a breach of any undertaking on the part of the Authority, and in the event of a breach of any undertaking on the part of the Authority contained in this Agreement, no personal or pecuniary liability or charge payable directly or indirectly from the general funds of the Authority shall arise therefrom.

J. Upon the delivery of the Bonds, the provisions of this Agreement shall have no further effect, except with respect to the indemnity granted to the Authority herein, including but not limited to the indemnity granted by Sections III(G), III(L), IV(H), and IV(I) hereof, and, in the event of any inconsistency between the terms of the Agreement and the terms of the Financing Agreements or any guaranty agreement(s) and trust instrument(s) securing the Bonds, the provisions of the Financing Agreements and the guaranty agreement(s) shall control.

K. It is recognized, found and determined that a real necessity exists for the employment of bond counsel in connection with the issuance of the Bonds and, accordingly, bond counsel will be selected by the Authority to do and to perform comprehensive, legal and coordinate professional work with respect to the issuance and sale of the Bonds. Bond counsel shall (i) prepare and submit to the Authority for adoption all of the proceedings incidental to the authorization, issuance, sale and delivery of the Bonds, (ii) counsel and advise the Authority with respect to the issuance and sale of the Bonds and (iii) furnish their opinion covering the legality of the issuance thereof. The fees to be paid Bond counsel shall be an amount based on the Attorney General's then current Bond Counsel Fee Schedule and other guidelines for comprehensive, legal and coordinate professional work in the issuance of revenue bonds applied to the actual aggregate principal amount issued, sold, delivered and paid for at the time Bonds are delivered, together with reimbursement of out-of-pocket expenses incurred and advanced in connection with the issuance of the Bonds, said fee to be payable out of an administrative expense fee established and charged by the Authority for costs related to the issuance of the Bonds, subject to the Attorney General's written approval of said employment and fee.

L. It is hereby further found and determined that a real necessity exists for the employment of local counsel to the Authority in order to supervise the issuance of the Bonds and, accordingly, local counsel will be selected by the Authority for such purposes. The fee to be paid for such services shall be computed at an hourly rate not exceeding the amount provided by the guidelines for such services as approved by the Attorney General of the State of Louisiana, plus out-of-pocket expenses. The fee herein described shall be payable out of an administrative expense fee established and charged by the Authority for costs related to the issuance of the Bonds, subject to the Attorney General's written approval of said employment and fee.

M. It is recognized and agreed that the Borrower may exercise its rights hereunder and perform its obligations hereunder through or in conjunction with a wholly owned subsidiary or other related person as defined in Section 147(a) of the Internal Revenue Code of 1986, as amended, and all references herein to the Borrower shall be deemed to include the Borrower acting directly through itself or with any wholly owned subsidiary or other related person.

N. All terms, conditions, covenants and agreements herein contained by and on behalf of the Authority and the Borrower shall bind and inure to the benefit of the respective successors and assigns of the Authority and the Borrower whether so expressed or not.

O. The Term of this Agreement shall expire and this Agreement may be canceled and the Preliminary Approval actions rescinded by the Board of Trustees unless the following events shall have occurred not later than two (2) years from the date hereof, or such other later date as shall be mutually satisfactory to the Authority and the Borrower:

- 1) The Authority and the Borrower shall have agreed on mutually acceptable terms for the Bonds and of the sale and delivery thereof and mutually acceptable terms and conditions of the agreements and documents referred to in herein.
- 2) Such other orders, rulings, approvals, consents, certificates or opinions or counsel as to such matters with respect to the Bonds, the Project, the Finance Agreement, any guaranty agreement(s) and trust instrument(s) securing the Bonds shall be obtained from such governmental, as well as non-governmental, agencies and entities as may have or assert competence or jurisdiction over or interest in matters pertinent thereto and to the Project, and shall be in full force and effect at the time of the issuance of the Bonds.

If the events set forth in this paragraph do not take place within the time set forth or any extension thereof, it is agreed that this Agreement may be canceled at the option of the Authority or the Borrower to be evidenced in writing, in which event neither party shall have any rights against the other party except the Borrower will reimburse the Authority for all reasonable and necessary direct out-of-pocket expenses which the Authority may incur arising from the execution of the Agreement and the performance by the Authority of its obligations hereunder; provided; however, that the indemnity provided for in this Agreement shall continue in full force and effect.

IN WITNESS WHEREOF, the parties hereto have entered into this Agreement on the day, month and year first above written.

Minimum Qualifications for Bond Counsel

The following are the minimum qualifications necessary for a lawyer or law firm to be selected as bond counsel for LPFA bond issues.

1. The lawyer or law firm must be listed in the most recent edition of "*The Bonds Buyer's Municipal Marketplace*" under the *Municipal Bond Attorneys* section.
2. The lawyer or law firm must demonstrate that it has "substantial experience" (as hereafter described) in the practice of municipal finance law. For purposes of this paragraph, "substantial experience" shall mean that the firm (a) has at least one partner, director or associate who has a minimum of ten years of public finance experience as bond counsel and (b) during the past five years the firm or one of its partners, directors, or associates has rendered a bond counsel opinion as to the legality and tax-exempt status of a general obligation bond issue or a private activity bond issue of any entity located in the State of Louisiana issuing tax-exempt bonds.
3. If selected as bond counsel, the lawyer or law firm must provide evidence to the LPFA before commencing work but in no event later than 30 days after selection as bond counsel of comprehensive malpractice insurance in an amount not less than \$5,000,000 in the aggregate and \$5,000,000 for each claim with a third-party insurance carrier either (a) acceptable to the LPFA or (b) rated "A" or better by A. OTHER CONSIDERATIONS

In selecting bond counsel for a particular bond issue from among qualified lawyers and law firms, the LPFA will also consider the following factors, among other reasonable factors a client might consider in the employment of a lawyer or law firm:

- (b) recommendations from the project sponsor or beneficiary of the financing as to which qualified lawyer or law firm that it would prefer to serve as bond counsel;
- (c) the experience of the lawyer or law firm in municipal bond law;
- (d) the quality of the work performed in the transactions advanced under Paragraph 2 of this appendix to demonstrate "substantial experience" or in other similar work brought to the attention of the LPFA; and
- (e) the amount of work done in the past for LPFA, with the recognition that both prior experience with given firms and the use of qualified different firms are appropriate and relevant factors in the selection of bond counsel.

LOUISIANA PUBLIC FACILITIES AUTHORITY

POLICY WITH RESPECT TO THE ISSUANCE OF UNRATED OBLIGATIONS OR OBLIGATIONS RATED BELOW INVESTMENT GRADE

1. Bonds for unrated issues or issues assigned less than an investment grade rating (BBB or Bbb, as applicable) must be issued in minimum denominations of \$100,000 or integral multiples of \$5,000 in excess thereof. This is to protect small investors from acquiring high risk securities and satisfies the requirements of Securities and Exchange Commission Rule No. 15(c) (2) - 12.
2. Bonds which are unrated or, if rated, assigned less than an investment grade rating will not be offered by use of a preliminary official statement or official statement but instead will be privately placed directly to the original institutional or sophisticated investor or marketed in a limited offering pursuant to a limited offering statement, memorandum or circular. It is felt that the use of the term "preliminary official statement" or "official statement" implies a wide public offering distribution of securities when the policy is to limit such sales to a limited number of institutional or other sophisticated investors.
3. The purchaser(s) purchasing the securities pursuant to a limited offering statement, memorandum or circular shall sign an investment letter in form and content substantially identical, in the opinion of bond counsel and issuer counsel, to that as set forth as **Exhibit A** attached hereto.
4. The purchaser(s) purchasing the securities in a direct private placement shall sign an investment letter in form and content substantially identical, in the opinion of bond counsel and issuer counsel, to that as set forth as **Exhibit B-1 or Exhibit B-2** attached hereto.

INFORMATION REGARDING PRIVATE ACTIVITY BONDS (Tax-exempt and Taxable)

GENERAL INFORMATION

PLACEMENT OF BONDS

Conditions of the bond market and the particular needs of the borrower will determine whether the bonds are publicly offered or privately placed. The responsibility for finding a purchaser for the bonds lies with the borrower.

TERMS

Pricing of the bonds involves the determination of an interest rate or interest rate structures acceptable to the bond purchaser(s) and to the borrower. The issuer of the bonds has no obligation to use its own funds to repay bonds; therefore, the issuer's credit rating is not a factor in determining the interest rate an issue receives. Factors affecting the rate include the maturity, structure of the issue, credit standing of the borrower, credit enhancement, if any, complexity of the issue, collateral, the supply of similar bonds in the market, and prevailing money market conditions. Experience indicates that tax exempt bonds (except in extreme circumstances) bear interest at floating rates as low as 1% and fixed rates as high as 12%. Taxable bonds (except in extreme circumstances) generally bear interest at floating rates as low as 4% and as high as 13%.

The repayment schedule for bonds is negotiable. Various amortizations include level debt service, level principal payments, and balloon payments. Private Activity Bonds may be subject to redemption prior to maturity at the option of the borrower and in some instances contain provisions whereby the bondholder can require early payment by the borrower.

The issuer of the bonds will typically loan the proceeds of the sale of bonds to the borrower for an approved use and the borrower will sign a promissory note obligating itself to make payments sufficient to pay principal, interest, and premium on the bonds.

There is no requirement under Louisiana law that the bonds be secured by a first mortgage on the financed facilities or any other specific security or collateral be provided. Common collateral given to secure bond issues includes: mortgages, bank letters of credit, bond insurance, guaranty agreements, assignments of leases and rents, and certain pledges of revenues.

STEPS INVOLVED IN AN ISSUANCE

The following is a summary of the steps involved in the issuance of Private Activity Bonds issued by the Louisiana Public Facilities Authority. Depending upon the type of bonds to be issued, the steps involved may vary slightly.

- STEP 1** An application for approval of a bond issue must be completed and filed together with the appropriate application fee with the LPFA, the issuer of the bonds.
- STEP 2** After review of the application to confirm that all requested information has been delivered, the LPFA will place the item on the next Board of Trustees meeting agenda.
- STEP 3** At the Board of Trustees meeting, provided that the LPFA desires to approve the issuance of bonds, the bonds are approved and the LPFA authorizes the execution of a "Preliminary Agreement" to issue the bonds. The Preliminary Agreement generally provides that the LPFA will issue the bonds if :
- all subsequent requirements of the LPFA are met;
 - all state approvals are obtained;
 - a satisfactory placement or purchase is arranged.
- Bond counsel is selected by the LPFA at this meeting.
- STEP 4** Notice of a Public Hearing is published at least 14 days prior to a scheduled public hearing date and the LPFA conducts a public hearing to allow members of the public to object to the project or the issuance of bonds. (This step is required for most types of tax exempt bonds and for taxable bonds issued for non-manufacturing purposes.)
- STEP 5** Approval of the Attorney General must be obtained after the public hearing.
- STEP 6** An application is completed and filed with the Louisiana State Bond Commission together with the preliminary application fee.
- STEP 7** The Bond Commission reviews the application at its monthly public meeting and considers approval of the bonds and the form of a Notice of Sale of the Bonds.
- STEP 8** To proceed further, the borrower applicant must deliver a firm commitment to purchase the bonds or underwrite the bonds containing the specifics of the bonds (i.e. term, security, interest provisions, collateral, etc.) in a form that will allow bond counsel to prepare the necessary financing documents.
- STEP 9** Documents are circulated to all parties and negotiated to an agreeable form.
- STEP 10** Application is made to the LPFA requesting final approval of the terms of the bonds and the issuance of the bonds.
- STEP 11** Application is made to the Bond Commission for final approval of the issuance of bonds.

TAX-EXEMPT REVENUE BONDS

AUTHORIZATION Internal Revenue Code and Louisiana laws.

PURPOSE Tax Exempt Private Activity Bonds may be issued by entities (cities, parishes, industrial boards, local public trusts, the Louisiana Public Facilities Authority, harbor and terminal districts, and other special authorities) to finance qualified manufacturing facilities, certain exempt facilities, and non-profit 501(c) (3) facilities.

ELIGIBILITY **QUALIFIED SMALL ISSUE MANUFACTURING BONDS:**

- COSTS PAID OR INCURRED PRIOR TO A PRELIMINARY APPROVAL OF THE ISSUANCE OF BONDS BY AN ISSUER ARE GENERALLY NOT FINANCABLE FROM THE PROCEEDS OF BONDS.
- At present, only facilities used in the manufacturing or production of tangible personal property (including the processing resulting in a change in the condition of such property) and certain related facilities qualify for financing.
- Total principal amount of bonds outstanding in a particular area for the benefit of the beneficiary, any related party to the beneficiary, and users of more than 10% of the facility financed cannot exceed \$10,000,000.
- The beneficiary of the bonds, persons related to the beneficiary, and users of more than 10% of the facility financed may not have capital expenditures within the same area during a period commencing 3 years prior to the issuance of bonds and ending 3 years after issuance of the bonds which, when added to the capital expenditures of the beneficiary, related persons, and other principle users and the principal amount of the bonds outstanding, cause the total of such amounts to exceed \$10,000,000.
- Notwithstanding the foregoing, an issue of bonds not exceeding \$1,000,000 can be issued for a beneficiary without taking into account capital expenditures described in the immediately preceding paragraph.
- Individual beneficiaries of tax exempt bonds may not have more than \$40,000,000 of tax exempt bonds outstanding nationwide.
- If an existing building is purchased with bond proceeds, an amount equal to at least 15% of the amount of proceeds used for such acquisition must be used for renovations (not including expansions) of the building. In the case of the acquisition of other structures (such as docks and wharves) or of equipment, an amount equal to at least 100% of the proceeds used for acquisition must be used for renovation.
- No more than 25% of the proceeds of a bond issue may be used for the purchase of land.
- The bonds may be amortized over a period not exceeding 40 years, provided, however, that the average maturity of bonds may not exceed 120% of the average economic life of the facilities financed.

- No more than 2% of the proceeds of the bonds may be used to pay costs of issuance.
- Bonds cannot be guaranteed directly or indirectly by the federal government.
- Bonds must receive an allocation of the federal volume cap applicable to the State of Louisiana.
- Bonds must be in registered (not bearer) form.
- At least 95% of the proceeds of the bonds must be used to finance land or depreciable property.
- A public hearing must be conducted after publication of a notice, and it is to be reasonably calculated to give members of the public notice of the hearing and an opportunity to be heard.

EXEMPT FACILITIES BONDS:

- Private Activity Bonds, limited in principal amount only by the volume of bonds permitted in the State and not by the \$10,000,000 limit described above, may be issued under certain circumstances for:
 - Airports
 - Docks and wharves
 - Mass commuting facilities
 - Sewage facilities
 - Solid waste disposal facilities
 - Qualified residential rental projects
 - Facilities for the local furnishing of electric energy or gas
 - Local district heating or cooling facilities
 - Environmental enhancements of hydroelectric generating facilities.
- Generally the requirements stated above with respect to qualified small issue bonds are applicable to exempt facilities bonds except the following:
 - \$40,000,000 per user limit
 - manufacturing restriction
 - \$10,000,000 limit on bonds and capital expenditures
- Airports, docks and wharves, and mass commuting facilities must be owned by a governmental unit.
- Exempt facility bonds generally must be used to provide facilities that serve the general public or are available on regular basis for general public use (sewage and solid waste disposal facilities are treated as qualifying automatically).

QUALIFIED NON-PROFIT 501(c) (3) BONDS:

- Project must be owned by a 501(c)(3) corporation.
- At least 95% of the facilities must be used by a 501(c)(3) corporation.
- The following requirements applicable to qualified small issue bonds are also applicable qualified 501(c)(3) bonds:
 - 120% average maturity limit
 - public hearing requirement
 - 2% issuance cost limit
 - prohibition of direct or indirect federal guarantee

STATE VOLUME CAP Federal law imposes a limit, or cap, on the amount of tax exempt Private Activity Bonds that can be issued in Louisiana by the LPFA or any other issuer of bonds. This limit is known as the Louisiana State Volume Cap or Private Activity Bond Volume Cap. Tax exempt bonds, other than (a) qualified veterans' mortgage bonds, (b) qualified 501(c)(3) bonds, (c) bonds issued as exempt facility bonds for airports, docks and wharves, and environmental enhancement of hydroelectric generating facilities, and (d) a portion of bonds issued to finance high speed intercity rail facilities are subject to the Louisiana State Volume Cap. The Louisiana State Volume Cap is computed and adjusted annually by multiplying the number of residents in the State by an amount set forth in Federal Law. The Governor of Louisiana must issue an Executive Order granting a bond issue an allocation from Louisiana's State Volume Cap prior to the issuance of the bonds in order for the interest on the bonds to be tax exempt.

TAXABLE REVENUE BONDS

AUTHORIZATION

Louisiana Laws

PURPOSE

Private Activity Bonds, the interest on which is not excludable from federal income taxation, may be issued by entities (cities, parishes, industrial development boards, local public trusts, the Louisiana Public Facilities Authority, harbor and terminal districts, and other special authorities) to finance every type of project financable with tax exempt bonds and in addition may be issued by certain issuers for any facilities that promote economic development.

ELIGIBILITY

- Unlike tax exempt bonds, taxable bonds are not saddled with the complicated and highly technical restrictions imposed by the federal government.
- Usually taxable bonds must be registered under federal securities laws unless such bonds are secured by a bank letter of credit or fall within one of the other categories of exemption from securities registration requirements.
- Taxable bonds are generally only limited by the State of Louisiana's authorizing laws, which are very broad and allow certain issuers to issue taxable bonds for any purpose that promotes economic development.
- Depending on which type of entity issues the bonds, the bonds may be amortized over a period not exceeding 40 years.
